The FARMERS CORNER

by RALPH H. TAYLOR
Executive Secretary
Agricultural Council
of California

As Hitler's juggernaut rolls remorselessly onward, seemingly crushing everything before it—with Britain's fate hanging precariously in the balance—the ruthless efficiency of the Nazi war machine is impressive.

Never before in the history of the world has a conqueror struck with such devastating effect; never before have so many nations been beaten down and over-run with such breath-taking rapidity.

There are even some in our own nation, undoubtedly, who are wondering whether democracy is a decadent way of life—and whether totalitarianism can produce more in peace, as it destroys more in war. There are some, probably, who are wondering whether our system of private enterprise—the system which has made America the mightiest, most prosperous nation on the face of the globe—can match the efficiency in this new controlled economy, where the smallest farm and the greatest factory are both geared to the same drive shaft.

Let's take a look at this Nazi machine; let's examine it closely. For if Britain falls, Hitler will dominate Europe, Asia and Africa—and three-fourths of the world will be pitted against us economically, if not on the battlefield.

What is the magic in this totalitarian system? How does it operate? What does it do for those who live under it? And can the United States of America compete against it? Those are all pertinent questions.

There is no mystery nor magic about it. The totalitarian machine is run by slave-labor. Naturally, it is cheap labor. And as long as the totalitarian power is all-powerful, it is uncompromising labor. Each individual is just a spoke in the wheel—the wheel goes round when the driver steps on the throttle. The spoke that wobbles is cast aside and a new one is put in its place. And who ever heard of a spoke going on strike or putting up an argument?

But slave labor isn't always satisfactory labor, as the southern states learned long before the Civil War. And after a time, it ceases to be efficient labor. Spokes, after all, are just spokes.

This fact must be borne in mind: every man, woman and child in Germany since Hitler came to power, has been part of the war machine. The whole nation has been geared to war. And while France, Britain and the United States went about peaceful pursuits, paying free-wages to free-men and seeking ways to make life better for the individual, Germany geared for war. Germans became spokes in a wheel, fired by the idea that that wheel would some day over-run the world.

The weakness, of course, in the totalitarian system, is that in peace time DICTATORS CAN'T DELIVER. The individual who has subordinated self to build the all-powerful state, is a starved, emaciated person, robbed of all dignity and even the common necessities of a peaceful living.

Can totalitarianism compete with our system of private enterprise? Let's look at the record, as compiled by the National Association of Manufacturers.

In the United States, one hour's wages will buy 7.5 loaves of bread; in Great Britain, 5.2. In Germany, one hour's wages (for the spoke in the wheel) will buy 2.5 loaves of bread!

FOREST ROADS REPAIR BILL IS PASSED IN ASSEMBLY

SACRAMENTO, (AP)—The assembly today sent to the governor a bill by Senator H. E. Dillinger of Placerville, appropriating \$48,433 for the repair or restoration of fire trails, fire breaks, forestry bridges and forestry roads damaged by storms subsequent to Jan. 1, 1941.

The assembly passed the bill last night.

Assemblyman A. G. Thurman, of the sixth district, who handled the bill in the lower house for Dillinger, said that of the sum proposed, approximately \$22,000 would be spent for labor, \$14,000 for rental of equipment and the remainder for materials.

Thurman said the bill was designed to aid 10 counties where damage was heavy, and work would be located in all sections of the state.

Declaration of their intention to wed was filed with County Clerk Arthur J. Koletzke on June 9 by Luke B. Morgan, 40, of Georgetown and Loretta Connors, 31, of Greenwood. The declaration was revealed Thursday morning after recording of the necessary medical certificates on Wednesday afternoon.

El Dorado County will be host Friday, Saturday and Sunday to the quarterly convention of the Sacramento Valley Division, Order of De Molay.

Under the guidance of Robert Woodward as general chairman, El Dorado Chapter of the order has prepared a full program for the three-day meeting of which a community parade at 5:30 o'clock Saturday evening and a concert and variety show at 8 o'clock by the Sacramento De Molay band at the Shakespeare Clubhouse are the outstanding public features.

Assisting members of the general committee on arrangements include James Pierson on registration; Robert Sinclair, reception; John Gardner, entertainment; Bill Dillinger, parade; Jack Ferrari, concert; Bill Rupley, De Molay ball; Gordy Henrichs, luncheon; Stanley Hill, cleanup; Bill Rehner, blind dates; and Bob Allen, accommodations.

Registration of delegates opens at the Masonic temple at 5 o'clock Friday evening and the first convention feature is a meeting at 8 o'clock at which the initiatory degree will be conferred.

"Frenchy's" To Fete Remodeling

Public Invited To Share "Open House" Saturday At Pollock Pines Market

A "Grand Opening" will be held at "Frenchy's Place," at Pollock Pines Saturday with an open house program. Free dancing and special entertainment in the evening are scheduled and the public is invited to attend.

The occasion, Mr. and Mrs. T. G. Lang say, is to celebrate the completion of remodeling, redecorating and re-furnishing their place of business, which consists of a two-story building containing a fully stocked grocery store, meat market, lunch room and a 38-foot bar. It is also the home of U. S. Post Office Pollock Pines, and Mr. Lang is the Postmaster.

Family living quarters are in the upstairs section. Other buildings adjacent and operated in connection with the business are: a well equipped Signal Service Station, two tourist cabins and a 4-room apartment.

"Although we started in business in Pollock Pines four years ago," Mrs. Lang said, "we have just this year been in a position to fix things up like we wanted, and at this time we wish to share the pride of accomplishment with the people of this county. Pollock Pines is one of the fastest growing communities in El Dorado county and we have tried to build our business to keep in step with it."

One of the outstanding features of the modernization program at Frenchy's is the installation of a new-type fluorescent neon sign with two color tubings bordering the entire front of the main building. Also 12 new-type fluorescent lights have been installed inside the various departments. The former, the management believes is the only one of its type on the highway, between Sacramento and Lake Tahoe.

Modern fixtures have been installed throughout the place this spring and an addition has been made to the bar which now extends to 38 feet in length. Another new feature of the building is a 30x40 storage basement. Electric refrigeration is ample to take care of the present requirement, the management believes.

Thurman Given Pat On Back

No Member More Devoted To His Duty, Declares State Senator Kuchel

SACRAMENTO — Assemblyman Allen G. Thurman of Colfax was praised today for his leadership in the legislature by Senator Thomas H. Kuchel, chairman of the Republican State Central Committee.

"No member of the assembly has been more devoted to his duty than Assemblyman Thurman," Senator Kuchel declared. "He served as the chairman of the committee on mines and mining as well as on eight other committees before which came much of the important legislation considered. He supported the program for a sound budget, for economy, increased efficiency and the plan to reduce the taxes \$28,000,000 a year."

"Assemblyman Thurman advocated and worked for measures necessary to defense, including the act to prevent sabotage and to ban hot cargo, secondary boycott and other unwarranted strikes. He sponsored improved administration of relief and increased aid for the elderly."

"Partisanship has not been emphasized during these days of national emergency, rather we have devoted ourselves in determined effort to accomplish that which will prepare California for the critical days that are ahead," Senator Kuchel continued. "In this, Republicans have been joined by brave, independent Democrats, who have placed State and Nation ahead of party."

"The result of our endeavors assures California citizens of sound, stable, prepared government. We have emphasized economy because we are cognizant of the huge defense tax burden to be imposed by the federal government but in so doing we have provided that which is needed to meet the emergency. In this constructive program Assemblyman Thurman has had a leading part."

The rodeo will attract a number of well-known professional performers along with Steve Shannon, the cowboy clown, as well as local riders.

The rodeo herd is owned and will be under the direction of Robert Barmey, of Perkins, and will include his string of Brahma bulls, and upward of one hundred steers, calves and bucking and riding horses.

The advance seat sale for the day has been extended until Saturday night and up to that time reserved seat tickets may be purchased at the general admission price at any of several Placerville business places.

The tickets should be exchanged at Fox Brothers drug store for reserved seat checks.

Sunday, general admission prices will be \$1.10 with a fifty-cent extra charge for reserved seats.

Entries in the horse show feature the registered Arabian owned by William Thatcher, of Missouri Flat, and a Palomino, also owned by Mr. Thatcher, which will be ridden by Vesta Thatcher.

The Anderson Riding Academy will have three entries, ridden by Louise Anderson, Herbert Anderson and Carl McWilliams.

Other entries include horses to be ridden by Alice Juster, K. C. Juster, Harry Totten, Patricia Croeland, Jack Barkley, Barbara McKee and Bill Drey.

In the rodeo Jess Tong, of Clarks-ville, and Francis Bacchi, of Lotus, are two El Dorado County entries.

The more widely known riders include the famous "Cowboy Joe" of San Bernardino, Tom Knight, of Riverside; "Slim" Crowder, of Pendleton; Bill Holden, of Yakima; Buck McKiernan, of Polson; Johnny Bowman, former world's champion cowboy; and Glenn Shaw, whom many El Doradoans thought was the sensation of the recent rodeo in Amador County.

The rodeo has been arranged by a committee with L. J. Anderson as general chairman. Other members of the committee include T. S. Martor, in charge of a children's program Saturday; Paul Taylor, on parking; Paul Smith, on grounds; C. A. Barker, on tickets; Lloyd Cannon, on horse show; Sid Price, on Rodeo, and Homer Hunsaker concessions.

STATE FIRE CREWS GAIN PAY INCREASES FOR 1941 SEASON

announced today that threat, due to shortage of men, of serious fire damage to our 32 million acres of privately owned forests, watershed and range land was decreased this week by the action of the state personnel board in raising the scale of pay for the men who fight forest fires, and by the action of the legislature in making available additional funds required to meet the higher scales.

Under the old scale forest firefighters received \$3 and maintenance, forest fighter foreman \$65 and maintenance, assistant fire truck driver \$65 and maintenance. This has been increased by the Personnel board's action to basic salaries of \$85 less maintenance for forest firefighters, \$120 less maintenance for forest firefighter foreman, \$100 less maintenance for fire crew cook. In addition to personnel board has set up a new classification for fire fighter truck driver with a salary range of from \$120 to \$160 less maintenance.

LOCHINVAR IN RAGS

by KATHRYN CULVER

Julie Hamilton, small-town Southern girl, regrets her engagement to Kenneth Terry. When she meets Barry Caldwell, impoverished young Westerner, hating to New York for a radio audition, they fall in love, and she breaks her engagement to Kenneth. A little later, however, to prevent a fight between Barry and Kenneth, she desperately tells Barry she has merely been flirting with him. The next day, she tries to explain but before she has a chance to convince him that she has lied to him he goes away embittered. Several weeks later, when she learns that he is singing at the Poll Parrot Cafe in Atlanta, she drives to Atlanta, gets in touch with an old beau, Duke Chalmers, a newspaper reporter and asks him to take her to the Poll Parrot. When they reach the cafe, Barry is singing. On seeing her, he stares straight through her, then turns his back.

CHAPTER XXIII

JULIE, white-faced, sat lacing and unlacing her fingers on the table Barry and his accompanist had disappeared having finished a group of songs, but Julie kept staring toward the piano—seeing again the expression on Barry's face as he had stood there coldly looking through her. "I can't believe it," she kept saying. "That he'd humiliate me like that!" "Drink your soup," Duke commanded. "I don't want anything to eat, don't feel." "You'll eat your dinner—and like it!" Duke scowled at her. He tore his heart to see Julie looking like this for two cents, he told himself, he would want that Western crooner's neck!

He attacked his own soup viciously. Why did presumably intelligent girls like Julie fall in love with bouncers? Still, he had to admit that Barry wasn't at all what he had expected. The fellow had character in his face. He didn't look like a bouncer. And if Normandy Buford had okayed him as Julie had said he must be all right.

Julie choked down half her soup then pushed the bowl aside. "There's another peculiar thing," she said. "Did you ever hear anything so atrocious as that accompanist?" "Never," Duke agreed. "She ruined Barry's singing. She was either behind or ahead of him all the time. Why do you suppose he has her accompanying him?" "She's probably the black secret of his past," Duke offered carelessly. "It all looks up like this: She has some hold on him—perhaps he murdered her husband years ago. She's in love with him and follows him around blackmailing him. That's the reason he pretended not to recognize you. It all fits."

"Duke! It isn't funny." There were tears in Julie's eyes. Duke was instantly remorseful. "Sorry," he said, patting her hand.

"DUKE," she pleaded "tell me what I should do. Am I utterly shameless to come after him like this? Should I take his hint and go away—without trying to see him?"

Duke wanted dreadfully to say "Yes." He had heard of girls turning to another man's arms on the rebound. Instead he said, "Nonsense! Stick it out—don't take a rebuff like that lying down. See him and demand an explanation."

"But I know the explanation. It's because I hurt him so dreadfully—and he hasn't forgiven me. Oh if only he knew that the last thing I want to do is to hurt him I want to help him!" Her eyes suddenly lit up as an idea came to her.

"Listen, Duke—maybe if I could do something to help him in his career—get Dad to finance him, or

In the United States, one hour's wages will buy 2.6 pounds of coffee; in Germany (if you can get it) 0.3.

In the United States, one hour's labor will buy 2.1 pounds of beef; in Germany, 0.9; in the U. S. A. one hour's labor will buy 35.1 pounds of potatoes; in Germany, 20.5 pounds.

Maybe you want a pair of shoes. In the United States, you will work 3 hours and 26 minutes to pay for them; in Germany, you will work more than 8 hours to get them. Or a shirt: in the United States, a shirt represents one hour and 28 minutes of labor; in Germany, it takes 9 hours and 50 minutes!

No American wants to be a spoke in the wheel—not if he's in his right mind. No American wants to go to step to the command of a dictator. But if America wants to avoid that fate, which has come to millions of liberty-loving people of the world, America must prove that it can PRODUCE. It can't afford work-stoppages; it can't afford to take time out to argue, at least not right now. Free labor, we believe, is better than slave-labor. The time has come to prove it!

RODEO EVENTS ARE LISTED

(Continued from Page One)

weekend and those in charge expressed themselves as being well pleased with the arrangements.

"We have heard some complaint," one of the committeemen said, "that in some recent rodeos in this section of the state the most spectacular part of the program has taken place off to one side so that many of the audience failed to see it."

"Special attention has been given this matter in designing the chutes and pens for the Pony Express Rodeo and you can be sure there will be none of that at our show on Sunday."

Rodeo officers pointed out that the arrangement of the chutes is such that the bucking horses will be directed to an area right in front of the grandstand. Roping pens also have been built with this feature in mind.

"One feature of a rodeo which the average person is likely to overlook," a committee spokesman said, "is that the stock used in the exhibition represents a very considerable investment. A bucking horse, for instance, is used for nothing else, and a good bucking horse is worth about \$500. Thirty-six of them will be in the Pony Express Rodeo."

"A trained cow pony may be worth as much as \$2,000 or \$2,500. Then, of course, the Brahma bulls are valuable animals of themselves."

ment reported.

The service station is managed by Horace (Jack) Woodall, and a complete service of this type is offered. A full line of Signal Oil products and automotive accessories is featured.

Mr. and Mrs. Lang are assisted regularly in the operation of the business by Mr. Lang's daughter, and husband, Mr. and Mrs. Ralph Henderson. For the open house Saturday night, two men from the Sacramento Box Company, Edwin Cushing and Wilbur Jones, will "help out" with the extra duties in the bar and luncheon. It was reported that Mr. Jones will also put on a specialty act, as part of the evening's entertainment.

Musicians for the dancing will include Art Pemberton, Joe Marshall, Alvin Muender, of Pollock Pines section, and Douglas Cain of Sacramento.

The building part of the remodeling program at French's Place was under the supervision of Joe Marshall with Wm. Andregg and Jack Woodall as carpenter mechanics. Lumber was purchased from Ferrari's mill.

The Sacramento Trade Club halted in Placerville Tuesday for luncheon on a "good will tour" to Lake Tahoe points and home by way of Auburn. Local business leaders met the visitors at Hotel Raffles.

Nephew Of Merryman's To Wed Oregon Girl			
Mr. and Mrs. James E. Merryman have received word that Mrs. Merryman's nephew, Dr. Melvin Hurley, and Miss Martha Sprague, daughter of Governor and Mrs. C. B. Sprague, of the State of Oregon, will be wed Saturday morning at Salem, Oregon.			
Urged by friends that they should attend, Mr. and Mrs. Merryman pointed out that at this season of the year it is impossible for them to leave their tourist cabin business.			

Mrs. Kate Anderson and daughter, Frances were at Alameda on Tuesday to attend the wedding of Miss Gertrude Saunders, former county high school teacher, and Harry Fisher, Los Angeles insurance man.

DE MOLAYS TO MEET 3 DAYS

(Continued from Page One)

gree will be conferred by Roseville Chapter and the De Molay degree will be conferred by El Dorado Chapter. A bean feed and smoker will conclude the evening.

Saturday's program continues registration starting at nine o'clock with swimming at the municipal plunge, and bowling as day-time diversions. Special rates are available to the delegates at the Empire Theater.

The parade, sponsored by the De Molays as a community event, and which has been promised support by floats or marching bodies representing civic groups from all parts of the county, will be led by the Sacramento De Molay Band.

Participating units have been asked to form on Union Street near the P. F. G. A. fruit shed, where their places will be designated by number, and to be prepared to march at 5:30 o'clock, sharply.

The procession will move from Union Street along Locust Street to Main Street and thence westerly to Lower Main Street. Police have asked the co-operation of those in the parade and the public generally in the interest of minimizing as much as possible the traffic congestion following the passing of the parade. It has been suggested that upon the breaking up of the parade, an effort should be made not to immediately surge toward the main business center.

Saturday's convention program will continue with the Sacramento De Molay band variety show and concert at the Shakespeare Clubhouse at eight o'clock. This is open to the public. The Divisional Banquet will be held at the clubhouse at 9:30 o'clock.

Sunday's program opens at nine o'clock in the morning with a meeting of the Sacramento Valley Division and a meeting of state officers at the Masonic temple. The delegates will attend the morning church service at 11 o'clock at the Federated Church.

A luncheon will be served at the Masonic temple at 12:30 o'clock following which the divisional business sessions will be concluded and the convention will adjourn to attend the Pony Express Rodeo and Horse Show at the county fair grounds.

Alex Isohn recalls that the weather was warm sixty-five years ago. On June 11, sixty-five years ago, Alexander Siesbuttle died of a sun stroke at Diamond Springs. Mr. Isohn recalls, and on June 13th, Thomas Stapleton and Charles Goyan were made ill by the heat. Both recovered.

Declaration of their intention to wed has been filed at Oroville by Jack M. Dunlap, 22, of Placerville, and Mildred A. Roberts, 21, of Gridley.

A license to wed was issued at Reno June 9th to Paul Mullinix, 28, and Byrdene Hayden, 18, both of Placerville.
